38-1 Mr Phelps You will probably come
in contact with a Slaveholder this eve.
There is one in town by the name of
Cyrus Griffin. he formerly resided here,
(What have we to do with slavers)

If he should reply to you, it might
be well for you to know something of his
Character. he once published his own
death to deceive his friends, has fought
Two duels &c &c He was present last
evening and wished to speak if he
been informed. - What a pity it
is to disturb the consciences of the
guilty. Why not remain quiet and
thus say we approve of our wickedness?
These men say they will turn the world up
side down, well this is well enough if it is
wrong side up now - I think it would
do good to repeat your truly remarks
on immediately.!!!!!!!!!!!!
